# COMPANY PROFILE

---

The name KONARK came from the Konark Sun Temple located in Orissa, The word KONARK derived from the combination of the Sanskrit words Kona (corner or angle) and Arka (the sun). The temple follows the traditional style of Kalinga architecture. It is oriented towards the east so that the first rays of the sunrise strike the main entrance. The wheels of the temple are sundials, which can be used to calculate time accurately to a minute.

KONARK INFRATECH is a leading construction company in Surat. The group was initiated by Suresh Patel and Naren Dobaria. Konark has executed construction work for some of the most significant infrastructure projects in the country. We continue to alter the structural landscape through several other prestigious projects in the residential, commercial, institutional and industrial space as well. Our commitment to excellence in quality was personified through India's first premier multispecialty hospital and research centre.

Subsequently, we are currently working on various commercial, residential, hospitality and infrastructure projects. Konark Group has also successfully executed structural and civil construction works of many Industrial parks, high rise building projects, Textile Markets, Residential, Commercial and Hospitality projects amongst them Kiran Hospital at Surat is one of its kind of unique project in India. We have relentlessly explored and seized construction opportunities across various business verticals.

The Group is currently constructing premium Residential, Commercial and Infrastructure Projects with an approximate construction area of 9.3 Million Square Feet costing about INR 600 Cr. in various suburbs of Surat. Our average Annual Turnover is around INR 150 Cr.

We believe in exceeding clients' expectations by achieving global benchmarks for transparency, reliability and integrity. A commitment to sustainable development, safety and environment protection forms the genesis of our culture.

Our clients value our allegiance to quality, timely deliveries, superior customer service and the experience of engaging in business with a highly qualified and experienced management. By leveraging our strengths and capitalizing on developing opportunities, we aspire to consolidate our position in the infrastructure construction in Surat.

Our Detailed Company Overview, Social Responsibility, Work Methods, On-going Projects details and recently and past completed projects details are provided below.

The Konark Team consists of Technical people; passionate about making effective use of their skill and experience for quality engineered construction works. Together they form a strong team with right mix of enthusiasm and knowledge, people who are able to build and advice on effective use of materials and manpower, to fulfil the needs of the construction industry in India today.

# SOLID FOUNDATIONS FOR A BRIGHTER FUTURE

## KONARK INFRA TECH

From the very beginning, we have appreciated the importance of strong infrastructural facilities and requirement of qualified, dedicated and competent team of technical peoples in firm. To achieve this, we have always ploughed from beginning our surplus revenue back into the firm. We have built up a dedicated team of technocrats.

Our strong infrastructural support and team spirit has helped us to gain enough confidence from our clients. The testimonials speak for themselves about our various Konark Group Companies.
